## EROTIC NOSTALGIA [= Hot Flash Back]

**H**ow many times do you  
**O**pen your mind? To the  
**T**orrent of feelings, that  
**F**low from a time, when  
**L**ust was a palace  
**A**nd love was a shrine? So  
**S**wirly and sultry —  
**H**er back from behind  
**B**urning burnt candles  
**A**rranging the cast of  
**C**ompelling lovers who have  
**K**issed your past.
